

**26th - 28th
June 2018**

Mexico City 

THE FUTURE FOR FREIGHT FORWARDERS AND LOGISTICS OPERATORS

Dear Freight Forwarders and Logistic Operator, this year ALACAT congress will be held from June 26th to 28th in Mexico City within the framework of CWA-Expo Carga where we plan to organize a series of conferences to help you increase your professional knowledge by providing you with valuable skills and tools.

You will be able to meet with more than 500 freight agents and logistics operators from around the world through business appointments, networking activities and much more. You will also be in contact with more than 350 solutions in freight transport and foreign trade.

Finally, we thank Galo Molina, president of ALACAT for the trust and initiative to carry out the congress at CWA-Expo Carga, we are sure that this business platform will be fruitful and full of successes.

WHY MEXICO?

Named as "the metropolis that has it all" by the New York Times, Mexico City allows you to penetrate its streets and encounter their historical past; it offers bohemian corners nestled in traditional bars and restaurants that have become a haven for travelers and locals alike.

It transports you to a surreal world comprised of the eclectic mix of wrestling matches, grand baroque aesthetic, and luxurious palaces. It has an incredibly diverse nightlife, where you will find everything from unconventional clubs to typical canteens, and venues that offer a cosmopolitan flavor, which represents but a fragment of the complex cultural mosaic that converges in this city. It comes as no surprise that it is considered one of the most exciting cities to visit.

Mexico City is a destination with an extraordinary mysticism that revels in its overlapping plurality, folklore, and modernity; everything here is an intermixture, its pre-Hispanic roots present in its foundations, as shown by the Metropolitan Cathedral that sits on top of the pyramid of Tonatiuh.
